

# Fire Marshal

## The Course:

The Fire Marshal course will involve a mixture of classroom and practical based activities. Learners will gain valuable knowledge of the correct evacuation procedures, storage of fire equipment as well as practical demonstrations.

## Outcome:

Successful completion of the course will result in learners being awarded with a Mantra Learning certificate of attendance certifying that they have displayed competence and confidence as a Fire Marshal.

## Benefits to employer and employee:

Candidates who undertake the Fire Marshal course will gain experience and knowledge whilst working in a practical setting.

Employers who put an employee onto Mantra Learning's Fire Marshal course will be rewarded with a competent member of staff who has the experience of being a qualified Fire Marshal.
