

Understanding Business

DID YOU KNOW?

- Planning is about preparing for the future, not predicting it.
- If you don't market your business, you won't have one.
- Identifying the business basics and how important these basics are is a great start to lasting success

Benefits

- Basic understanding of key financial terminology in order to be able to understand the financial aspects of a business that will enable cost savings in your team.
- To improve your confidence and knowledge of business reports and financial terminology giving you a better understanding of how you can impact on improving the bottom line.
- To establish the sector that you currently work which will establish a greater understanding of the day to day operations and your role within that.
- To understand and identify your company's vision, mission and strategies for moving the business forward and where your department can impact the overall success.
- To improve the awareness of you and your team of the accountability each person has to be more cost effective in their actions on a daily basis, cutting waste and monitoring use of resources.

Further Masterclasses available:

- Personal Development Planning
- Delivering Successful Presentations
- Success in Mentoring
- Performance Management
- Leading a Successful Team

Course fees £99 + VAT per person

Developing your Managers of tomorrow

Features

- To fully understand the business sector of your company and how this compares to other sectors in terms of operation and focus
- To understand how planning in business is constructed with overall vision, mission and effective strategies to drive business forward successfully
- Understand common financial terms and business data reports across a typical business year
- Identify accountability in business including basic generic and specific business legal obligations

Dovile enjoyed the participation and the sharing of ideas with her peers and intends to recommend it to all her colleagues.

Learning from paperwork is 'fine' but given experience and situations to relate to, made it all so much more relevant and memorable.

Dovile, Adidas
